- ▶ Service concept tailored exactly to your requirements
- ▶ Optimum operation of the entire plant

Transfer of know-how to the operating personnel for optimum operation of the entire system.

International service consultants

- ▶ On-site advice from experienced HUBER service specialists
- ▶ Information on the operation and condition of your machine
- ▶ Important information on necessary service measures

Customer proximity is our highest priority – on-site consultancy by HUBER experts.

Augmented reality

- ▶ The use of data glasses enables direct individual communication with a HUBER expert.
- ▶ HUBER service expertise – live for every customer, anywhere in the world
- ▶ Possible via smart devices (smartphone, tablet, laptop, etc.)

Remote support – not on site, yet there with you live.

HUBER Service worldwide

Start a long-term relationship with a competent partner at your side – HUBER Global Service.

With our worldwide HUBER service locations we are your competent contact around the clock. Even for complex challenges, we will find an economical and sustainable service solution for you and ensure smooth and reliable plant operation.

With our comprehensive service product portfolio, starting from installation and commissioning to spare parts supply, repair and preventive maintenance, we stand for all-round service.

All necessary repair and maintenance work is carried out in manufacturer quality and exclusively with original parts. Preventive service measures ensure that your system is always available.

With our services, we ensure the long-term value retention of your machine, the minimisation of downtimes and the maximum efficiency of your machine technology.

In order to meet the constantly increasing demands, it is our special concern to always grow with these demands and to develop further – your requirement is our incentive!

We stand for excellent quality, punctual and high-quality processing, many years of experience and professional competence!

A strong and reliable partner – for the lifetime of the machine!

Your trust is our promise!

Available worldwide and active for you.

HUBER service systems

A HUBER Service and Maintenance Contract will guarantee you maximum operating reliability for you and your plants at constantly high system performance and at the same time low and calculable operating costs!

The contract provides regular, load and status dependent maintenance and detailed inspection by a HUBER service engineer. The detailed result of each inspection and maintenance is subsequently exactly documented in a machine-specific HUBER checklist.

It goes without saying that with every HUBER service contract we also guarantee the operational safety and availability of your equipment until the next service date. You get the "HUBER-Machine-Protection" service package as function & operation guarantee to cover this!
