## HUBER Solutions - for Local and Global Challenges

### HUBER Products are Components of HUBER Solutions!

We are experts in the treatment of water, wastewater, sludge and waste. If you have such a problem, please allow us to provide a customized solution to meet your exact situation.

Whether you are an operator or consulting engineer, if you are looking for better performing, more economical and more reliable processes or products, please call us!

Energy, water and food are becoming scarce and more expensive. We face the problem of global warming and climate change, with catastrophic consequences for nature and humanity, especially for the poor.

We offer HUBER Solutions for sparing and sustainable management of scarce resources, for recovery and recycling of energy and materials. We see wastewater as a resource.

## Solutions

WE OFFER HUBER SOLUTIONS IN THE FOLLOWING AREAS:

- **Centralized Wastewater Treatment Plants** - superior equipment for wastewater treatment with a wide range of well-proven and innovative HUBER products
- **Industrial Wastewater and Waste Treatment** - customized and adapted solutions with well-proven products from one source
- **Green Buildings** - complete wastewater recycling and energy recovery solutions for medium to large buildings
- **Decentralized Wastewater Treatment** - independent, customized and complete solutions for on-site wastewater treatment
- **Sewage Collection** - efficient and reliable solutions for sewers, storm tanks and rainwater treatment
- **Water Supply** - solutions for the whole range of potable water supply: treatment, storage, distribution
- **Global Water Challenges** - sustainable, adapted and affordable solutions for the closure of loops
- **Wastewater Reuse** - solutions for treatment and reuse of wastewater and of separately collected grey water
- **Heat Recovery from Wastewater** - various solutions for wastewater heat recovery
- **Sludge Treatment** - highly efficient and comprehensive solutions for the whole sector of sludge treatment, from thickening to reuse
- **Grit Treatment** - efficient technology for the treatment of grit containing waste
